EXPERIENCES

COLLUNAS

TRAINEE DEVELOPER

Feb/2018 - Feb/2019

JUNIOR DEVELOPER

Mar/2019 - Jan/2021

TARDIS TECNOLOGIA

JUNIOR DEVELOPER

Mar/2021 - Dec/2022

MID-LEVEL DEVELOPER

Jan/2023 - Dec/2023

INGENEA

MID-LEVEL DEVELOPER

Set/2024 - Until now

I participated in legacy project migrations, worked extensively with Angular, and during these projects, I was exposed to several back-end technologies such as SpringBoot, Node, and .NET. I managed relational databases such as SQL Server and PostgreSQL. I had extensive experience in environments with agile methodologies such as Scrum and Kanban, leveraging tools like Git, GitLab, Bitbucket, and similar platforms.
